

SATURDAY, SEPTEMBER 8, 1894.

THE SILVER PARTY CANDIDATES

The Silver party State Convention at Carson was composed of the largest body of representative men that ever assembled in a political convocation in Nevada. That, was conceded by men of all parties. The platform adopted and the ticket nominated by that convention commend themselves to every intelligent person who has the interests of Nevada at heart.

The unanimous choice of the convention for Representative in Congress was Francis G. Newlands of Washoe county. Mr. Newlands has ably represented Nevada and its interests in the present Congress, to which he was elected by the largest majority ever given a candidate in the State. His ability and independence have won him the respect and esteem of representatives of all parties in Washington where he has ably and indefatigably labored for the cause of free coinage. That he will again be returned by a large majority is the unanimous opinion of representative men from all parts of the State.

The nominee for Governor, J. E. Jones of Ormsby county, like thousands of old timers, delved in the mines with pick and drill. Having a liberal education he subsequently engaged in other pursuits and was elected Surveyor-General by a large majority. Preferring principles and the welfare of the State to political preferment he joined the Silver party at the time of its organization and declared for free coinage in the golden ingested capital of the State. He is free from suspicion of dishonesty and corruption and fills the office to which he was elected creditably and satisfactorily.

The choice of the convention for Lieutenant Governor was Rheinhold Sadler of Esmeralda county. Mr. Sadler is a well-known business man. He is one of the most energetic and public spirited men in the State. The change made by his enemies that he was instrumental in breaking up the Miners' Union is denounced by citizens of Esmeralda, who have known him for years, as wholly unfounded. He was always one of the truest friends the miners had, and furnished more "grubstakes" to prospectors than any single individual in the State.

For Secretary of State the choice of the convention was Eugene Howell of White Pine county. Mr. Howell is extensively engaged in mining and milling. He came to Nevada when a boy with his parents, and in 1883 represented his county in the State Legislature with ability.

M. S. Bonfield of Humboldt was nominee for Justice of the Supreme Court. He has resided in Nevada since Territorial days, and has continuously engaged in the practice of law. He is an able lawyer and stands in the front rank of his profession. In 1892 he was chosen Presidential Elector and carried the three electoral votes of Nevada, cast by Hon. Thomas Wren, Hon. C. C. Powning and himself for Weaver and Field, to Washington. If that does not entitle him and the men who elected him to the favorable consideration of the People's party, will some latter day saint, who voted for Cleveland or Harrison, be kind enough to explain why it does not.

R. M. Beatty of Esmeralda was the unanimous choice of the convention for Attorney-General. Mr. Beatty passed through what now comprises the State of Nevada before it was organized as a Territory. Since the age of 18 he has resided constantly in the State and asks no other recommendation than his record as a lawyer and a man.

C. A. LaGrave of Humboldt county, the convention's choice for State Controller, is a Nevada raised man. He is engaged in business at Winnemucca, where his family resides. He has served the people of Humboldt by turns as Recorder, Treasurer and State Senator, and has a record without a blot or stain.

W. J. Westerfield of Washoe county, whom the convention named for Treasurer, has resided in the State since 1860. In early days he was identified with mining and other enterprises in Humboldt county and subsequently removed to Lyon county, where he engaged in business for years. He represented that county in the State Senate for several terms and labored incessantly for the interests of the State. He is now identified with Washoe county and is one of its many substantial citizens.

A. C. Pratt of Douglas county, the nominee for Surveyor-General, is an old resident of the State. He won his candidacy after a hard contest with an able competitor. He has occupied positions in the State Legislature and performed his duties satisfactorily.

Henry C. Cutting of Esmeralda county, the choice of the convention for Superintendent of Public Instruction, is a product of Nevada. He graduated at the State University in 1891, and since that time has been engaged as principal of the public schools at Candelaria. His personal standing among his acquaintances is shown by the fact that the entire Esmeralda delegation went to the convention demanding his nomination and asking for nothing else.

Joseph E. McCarthy of Storey county, the nominee of the convention for the position of State Printer, was born and raised in a Comstock printing office. He is a practical printer and in every respect qualified to perform the duties of the office for which he was selected.

W. E. F. Deal of Storey county, who was chosen for Regent of the State University (long term), is a prominent member of the legal fraternity. He is an accomplished scholar as well as lawyer, and stands high as a citizen, and will prove a worthy successor of C. E. Mack, the present incumbent.

For University Regent (short term) H. S. Starrett of Lander county was nominated by acclamation. He is a graduate of Bowdoin College, Maine, and for many years has been identified with the public schools as well as the mining interests of Lander county.

The candidates for District Judges were nominated by the delegates from the several districts and are each and all well known in the profession of the law.

C. E. Mack, the nominee in the First Judicial District, comprising the counties of Storey, Ormsby, Lyon, Douglas and Esmeralda, stands high as a lawyer. He was the unanimous choice of his district and is able, energetic and popular.

Judge A. E. Cheney, the present incumbent, was unanimously nominated for Judge of the Second Judicial District, comprising the counties of Washoe, Humboldt and Churchill. He has occupied the bench for nearly four years and has proved an able and upright Judge.

Judge Fitzgerald was the choice of every delegate from his district, which comprises the counties of Eureka, Nye and Lander. He is serving his second term, having been elected by the State at large. He always ran ahead of his ticket, and this time has no opponent.

Judge Talbot, the present incumbent, was unanimously chosen for his own successor by the delegates from the Fourth Judicial District, consisting of the counties of Elko, White Pine and Lincoln. He is popular with the people and his election is assured.

The ticket from top to bottom is an exceptionally good one and commends itself to the people of Nevada.

THE POPULIST STATE CONVENTION.

The Populist Mass Convention completed its labors by the adoption of a State platform and the nomination of a State ticket. The platform is printed in full in the JOURNAL, and does not differ very materially from that adopted at Carson. It declares its allegiance to the National People's party and endorses the Omaha platform. It declares for free coinage, demands the repeal of the National banking laws and opposes the further issuance of Government bonds. It demands that the General Government authorize the improvement of arid lands and furnish means to employ the labor now idle in reclaiming them. It demands the protection of American labor by restricting the importation of foreign labor. It condemns the action of the Legislature in passing and submitting to the people a proposed amendment authorizing lotteries, and favors the election of United States Senators by direct vote. It recommends voters to support the proposed amendments consolidating offices and reducing salaries, and opposes the ratification of the proposed amendment to Article II, Section 1, and to Article XI, Section 3, of the Constitution. It opposes any extension of time for the payment of the bond-aided railroads, and the enforcement of the Interstate Commerce law. It favors the enactment of a law requiring candidates to make an itemized statement of their expenditures for campaign purposes, and restricting the maximum of such expenditures. It opposes ring rule in politics and believes that the people should throw off the corporation yoke and free themselves from political bossism.

The ticket nominated by the convention is as follows:

The nominee for Governor, George H. Peckham, is an honest farmer, with an unblemished reputation and much ability.

The nominee for Congressman, James C. Doughty, is a young man with a fair education and considerable force of character. He attended the State University at Elko and since has been an engineer on the Central Pacific railroad.

The other nominees are G. H. Sawyer of Lincoln, for Attorney General; Chas. Steele of Storey, for State Controller; M. W. Dungan of Douglas, for State Treasurer; M. P. Dooley of Lincoln, for State Printer, and E. A. Knye of Esmeralda, for Superintendent of Public Instruction, all of whom, so far as the writer knows, are good men.

For Judge of the Second Judicial District, which comprises Washoe, Churchill and Humboldt counties, Benjamin Currier was nominated. He is a lawyer of marked ability and much experience, and in 1870 was elected Judge of the District which then comprised Churchill, Nye and Lander counties, a position which he filled satisfactorily for four years.

Judge Webster was nominated for Regent of the State University for the long term. He is well known throughout the State and takes an active interest in school matters.

Last evening a telegram was received from A. E. Knye of Esmeralda declining the nomination for Superintendent of Public Instruction.

Public Reception

A public reception will be given to President and Mrs. Stubbs by the Faculty of the State University on Monday, September 10th, from 2:30 to 4:30 p. m., at the University. All friends of the University are cordially invited to attend.

AGAINST FREE COINAGE.

The Attitude of Secretary Hoke Smith.

A FAST CALIFORNIA PACER.

A Serious Accident on the Santa Fe.

Hoke Smith Against Free Coinage.

ATLANTA, Ga., September 7.—A mass meeting of Democrats was held in this city this evening. The principal features were the speeches of Speaker Crisp, reviewing the work of Congress, and of Secretary Hoke Smith against the free coinage of silver. Speaker Crisp declared his personal preference for the free coinage of silver.

ATLANTA, September 7.—Secretary Hoke Smith in his speech called attention to the recent experience of Kansas and Colorado under Populist rule. He asked who would wish to see Georgia follow the leadership of a man like Lewellyn or Waite. The crazy theories of the Populist leaders in Congress are enough to stagger the comprehension and shock thoughtful men. They sought a disbursement aggregating \$25,000,000. Georgia could not afford to endorse such a party. The State would be disorganized and discredited before the world. He said the plan for the free coinage of silver at a ratio of 16 to 1 was wild and impracticable, uncalculable evil, but he said he was a thorough bimetalist. Free coinage would cause the settlement of contracts at a rate of 50 cents on a dollar.

Before the Grand Jury.

SAN FRANCISCO, September 7.—Max Popper appeared before the Grand Jury to-day to testify about the bribery of supervisors by the Street Sweeping company.

Joseph P. Kelley at whose request the Grand Jury is conducting the investigation failed to appear although he had promised to be on hand and prove his ignorance of the charges that he had paid out money to bribe supervisors. Martin Kelley was there waiting to be called as a witness, but he was not wanted to-day. Chris Buckley is at his Live-more ranch and Phil Grammins is in Sacramento.

Collision on the S. F.

LOS ANGELES, September 7.—At 6:45 o'clock this morning the Southern Pacific passenger train No. 20, which left this city last evening, and freight train No. 21, bound south, collided at Rowan Station, just north of Tehachapi. Fireman Lewis was the only person seriously injured, but several passengers were more or less bruised. The engines of both trains were considerably damaged and the baggage and express cars were telescoped. The blame seems to rest with the freight train crew, as it was running on passenger train schedule.

The Organization of the Democratic State Central Committee.

SAN FRANCISCO, Sept. 7.—The Democratic State Central Committee held a meeting here this afternoon. Many of the candidates for State offices were present as was also the executive committee of ten which has charge of Budd's gubernatorial campaign. The State Central Committee was organized by the election of the following officers: Chairman, Frank H. Gould of Stockton; secretary, John Markley, now secretary to the superintendent of the San Francisco mint; corresponding secretary, R. P. Troy.

A Trip Around the World.

SAN FRANCISCO, September 7.—C. F. Crocker, Vice-President of the Southern Pacific, will start on a trip around the world on September 25th, when he will take a steamer for Japan. The trip will be solely for pleasure and Col. Crocker will be gone at least a year.

"For Years,"

Says LAMAR E. STOKWELL, of Chester, N. H., "I was afflicted with an extremely severe pain in the lower part of the chest. The feeling was as if a ton weight was laid on a spot the size of my hand. During the attacks, the perspiration would stand in drops on my face, and it was agony for me to make a sufficient effort even to whisper. They came suddenly, at any hour of the day or night, lasting from thirty minutes to half a day, leaving me suddenly, but for several days after, I was quite prostrated and sore. Sometimes the attacks were almost daily, then less frequent. After about four years of this suffering, I was taken down with bilious typhoid fever, and when I began to recover, I had the worst attack of my old trouble I ever experienced. At the first of the fever, my mother gave me Ayer's Pills, my doctor recommending them as being better than anything he could prepare. I continued taking these Pills, and so great was the benefit derived that during nearly thirty years I have had but one attack of my former trouble, which yielded readily to the same remedy."

Desire to Keep Up Rates.

SAN FRANCISCO, September 7.—The Pacific Insurance Union is wrestling with the problem of how to stop the rebating in premiums. It is said to be prevalent in this city, Oakland, San Jose, Stockton, Portland and especially at Los Angeles. At the southern city there is so much cutting in rates that the Pacific Insurance Union proposes the formation of a local organization at Los Angeles under a general compact with a specially stringent code of rules. A committee of Los Angeles agents is now in the city conferring with the San Francisco insurance men about a plan of action, hoping that new rules will stop the slashing of premiums.

Serious Train Wreck on the Santa Fe.

RAVON, N. M., September 7.—The California express, west-bound on the Santa Fe, was derailed at Dillon Junction this afternoon. The engine, baggage car, mail car and express car are a complete loss. The engine lies on her side twenty feet from the track half buried in the mud. The injured are Engineer Pat Doyle, Fireman Joe Monden, Mail Clerk C. B. Baldrige, Mail Clerk H. G. Russell, none are fatally injured. The cause of the wreck was an open switch.

A Hitch in a Bond Issue.

SAN FRANCISCO, September 7.—It is stated that the sale of the big issue of bonds recently made by the Market Street Consolidated Railway has been stopped owing to the contention on the part of the syndicate about to purchase the bonds that they had not been properly issued. It is claimed that the vote by which it was decided to issue bonds was by means of proxies issued by the stockholders themselves. The railroad company says this fact does not affect the legality of the bonds, but that in order to settle the question suit will probably be brought to settle the point. The amount of the issue was \$17,500,000.

WEATHER BULLETIN.

Storm, Warm and Cool Waves.

(Copyrighted 1894, by W. T. Foster.)

ST. JOSEPH Mo., Sept. 8.—My last bulletin gave forecasts of the storm waves to cross the continent from September 8th to 12th and the next will reach the Pacific Coast about September 13th, cross the western mountains by the close of the 14th, the great central valleys from 15th to 17th and the eastern states about 18th.

This will be a dangerous storm. Not in all parts, but in places; probably most severe west of the Mississippi about the 15th or 16th.

The warm wave will cross the western mountains about the 7th, the great central valleys about the 13th and the eastern states about the 27th. A Cool wave will cross the western mountains about the 16th, the great central valleys about the 18th and the eastern states about the 20th.

Killing frosts will occur in many northern sections from September 27th to the 30th. This frost may penetrate southward as far as Oklahoma, Little Rock, Memphis, Nashville and Raleigh. Along the north of the 40th parallel all tender plants should be protected at that time. In the Ohio valley tobacco planters should be ready to cut their crop as this frost will probably injure it.

While some cold weather may be expected in October and November winter will come late and the fall season average warmer than usual. This, of course, does not apply to every section but is the estimate of the general average for the whole United States.

Joseph Elstner, a cousin of Milton Elstner of Carson, is here on his way to the Capitol. He crossed the plains forty-four years ago, and now travels by rail over the ground which he drove an ox team in his youth. He is delighted with Reno and its surroundings and says the air is purer, the water clearer and the meat more tender than in the valleys of California where he has resided for many years.

THE POPULIST CONVENTION

The Doings of the Second Day's Session.

A Ticket Nominated and an Enthusiastic Ratification Meeting.

At the hour named yesterday morning the convention re-assembled and the Committee on Platform and Resolutions announced that their report was ready. D. F. Culei was invited to read it, and he at once advanced to the stage amid great applause. The platform is comparatively short, but covers all that is necessary and is directly to the point:

THE PLATFORM.

We, the Peoples' party of Nevada, in mass convention assembled on the 6 day of September, 1894, do hereby submit the following articles as the expression of our principles and the basis for a State organization.

First—We hereby declare our allegiance to the National Peoples' party of the United States, and endorse the platform adopted at Omaha on July 4, 1892.

Second—The production of silver being the paramount industry of the State, and its equal use with gold as a money metal being in accordance with justice, equity and fair dealing, we reiterate the demand of our national platform for the free and unlimited coinage of silver and gold at the American ratio of 16 to 1.

Third—We demand the unconditional repeal of the national banking laws, and in lieu of National Bank notes that the Government issue Treasury notes, legal tender for all debts, public and private, and provide that a system of Government depositories be established throughout the nation and the nation's credit be utilized for the protection of depositors and the furnishing of a full legal tender currency direct to the people through a loan system that shall give the Government the benefit of all the interest upon the loans negotiated through its agency.

We are unalterably opposed to the further issuance of Government bonds for any purpose whatever.

Fourth—As true economy requires that the labor of the country be employed in creating values, we demand that the General Government authorize the States and Territories having land and swamp lands of the public domain to employ the idle labor of their localities in placing such lands in suitable condition for settlement, the General Government defraying the immediate expenses by the issuance of United States legal tender Treasury notes and levying the cost of the same upon the lands so improved.

Fifth—Recognizing the fact that American labor is unprotected, we demand the prohibition of all Chinese and Japanese immigration and such restriction of all other immigration as will effectively protect American labor.

Sixth—We condemn the action of the last Legislature for passing an amendment to the Constitution authorizing a lottery system in this State.

Seventh—We are in favor of the election of United States Senators by the direct vote of the people.

Eighth—The hardships and necessities of honest taxpayers require retrenchment in State expenses, and we earnestly recommend that the voters support those proposed constitutional amendments combining State officers and abolishment of unnecessary salaries.

Ninth—We are opposed to the ratification of the proposed amendments to Section one (1) of Article two (2) and Section three (3) of Article eleven (11) of the Constitution of the State of Nevada, and advise that the people vote upon these propositions "No."

Tenth—We are unalterably opposed to any extension of the time for the payment of the debts of the Union and Central Pacific railroads to the Government, and demand that the Government foreclose its mortgages upon said railroads at maturity, and own and operate them in the interests of the people, and if upon foreclosure there be a deficiency, that the same be enforced against the persons who were stockholders when the debts were created.

We demand the enforcement of Section four of the Interstate Commerce Act.

Eleventh—We are in favor of the enactment of a law with an adequate penalty compelling candidates for public office, to make under oath, an itemized account of all their campaign and election expenses of whatever nature or character, and restricting the maximum of such expenses to five per centum of the gross emoluments of the particular office, thereby enabling poor and able men to become candidates for office as well as rich men.

Twelfth—We are opposed to ring rule in the politics of the State and believe that the people should throw off the corporation yoke, and it is time that the voters should assert their independence and vote for no man for office who is not free from the corrupt influences of the political bosses of Nevada.

The report of the Committee was adopted.

The next order of business was the selection of National Committeemen, and resulted in the following: B. F. Culei, J. B. McCullough of Washoe, and Henry Rives of Esmeralda.

Nominations for Congress being in order, B. F. Culei in an eloquent speech placed the name of James C. Doughty of Elko county in nomination. The name of Doughty was cheered to the echo, and as he came forward he was given three rousing cheers. Mr. Doughty in a modest speech endorsed the platform and said he was a native of California, but had lived in this State for many years, had been educated in the State and that if nominated he would not take the westbound train to-night for California in order to receive his instructions. Benjamin Culei then arose and nominated "Farmer George H. Peckham" for Governor. Mr. Peckham came forward and endorsed the platform.

George S. Sawyer of Lincoln was nominated Attorney General. Mr. Sawyer was not present, but John Bowman endorsed the platform for Mr. Sawyer, as he had expressed himself as being in sympathy with the Peoples' Party.

Charles Steele of Storey was nominated for Controller.

Dr. Hogan placed M. W. Dungan of Douglas in nomination for State Treasurer and was chosen as the nominee.

M. P. Dooley of Lincoln was nominated as State Printer.

E. A. Kaye of Esmeralda was nominated for

Superintendent of Public Instruction.

The convention then took a recess.

As the candidates were not assessed a voluntary contribution was taken up to pay the expenses of the convention. The convention convened and the nomination for Regent of the State University for long term resulted in Judge Wm. Webster being the nominee. The nomination for Short Term Regent was passed and left to be filled by the State Central Committee.

For District Judge, Benjamin Cutler was placed in nomination, and chosen as the nominee of the party.

Professor Baddington was invited to address the ratification meeting. Wm. Thompson agreed to furnish the gas and wood for lanterns, and J. J. Quinn agreed to furnish the music. At the afternoon session a State Central Committee was named, and a resolution passed to appoint a secret service in every voting precinct in the State, to see that no "black" is used before an election. A committee was appointed to prepare a petition for the purpose of recognition under the law.

Thanks were tendered the officers of the convention for their services and also to Mr. Thompson and Mr. Quinn for donations. The convention was then adjourned to meet at the ratification meeting in the evening.

TIE RATIFICATION.

At 7 o'clock Hoskins' Juvenile Band marched up Virginia street from the Riverside Hotel, and, simultaneously with the striking up of a lively air by the band, the first gun of the campaign was fired in front of the Opera House, and a mammoth bonfire illuminated Commercial Row.

Judge Webster called the meeting to order and introduced Prof. Baddington, a member of the Populist National Committee, who made a telling speech, during which he announced that, as a member of the National Committee, he recognized this convention as the true Peoples' party of Nevada. He advanced to Chairman Webster and took his hand, thereby acknowledging the organization. He stated that some of the planks were two years in advance of the times, and that the National Convention to meet two years hence would undoubtedly embody them in its platform, and Nevada should be accorded the credit of sounding the warning note on these matters. He was listened to attentively to the close.

Judge Cutler, nominee for the Second Judicial District, was introduced and made a rousing speech for the ticket, at one point in which he paid a high tribute to J. C. Doughty, the nominee for Congress, saying that if he himself must be slaughtered at the polls, do it but elect Jim Doughty. Mr. Cutler's speech elicited rounds of applause, and was said to be one of the best efforts of his life.

Dr. Hogan was called for and came forward and was introduced. He made one of his characteristic speeches creating considerable merriment, and said that if this party went back on him he intended to use his best endeavors for woman's suffrage, organization a party, and he knew the ladies would not go back on him.

Calls for Doughty followed, but Judge Cutler arose and announced that Mr. Doughty had received a telegram from Carson to meet friends at the incoming train, and owing to this he was delayed.

Judge Webster made a short speech, and while he was talking Mr. Doughty came into the hall, and received a perfect ovation, the audience rising, cheering wildly while Mr. Doughty walked down the aisle, the ladies entering into the enthusiasm with as much earnestness as the men, waving their handkerchiefs. Mr. Doughty walked onto the stage, while three rousing cheers were given for him. He was introduced and stated that he was laboring under some excitement and strain owing to work that had just reached him that illustrated the power of corporations, and that at this time he could not make it public, but would in two or three days. He said that he was not prepared to speak at this time, but was on the ticket to stay and win if the voters of Nevada would assist him.

Judge Webster then made some appropriate remarks and the meeting closed with three cheers for the ticket.

HARRIS TO DENNIS.

What the Chairman of the Regular Democratic State Committee says to the Usurper.

CARSON CITY, Nev., Sep. 6, 1894.

John H. Dennis, Esq.: Sir—I am in receipt of your false and scurrilous communication dated Aug. 15, 1894, addressed to me, and which has been published solely, and no doubt gratuitously, in the Republican papers of this State, as a slight recognition for the base and truculent services which you and your bogus committee have rendered that party in the past two years.

It was my intention to treat the communication with silent contempt, but learning that you are endeavoring to make political capital out of the same, and deeming it likely that there may, perhaps, be a few Democrats in this State, who have forgotten their base treason and perfidy to the Democratic party at the last Presidential election, I propose stating a few facts relating to the course which you and your committee (?) pursued, and show that you deserve the execration and scorn of every true Democrat in the State.

Your pretended surprise at receiving an official notice from me to attend a meeting of the regular Democratic State Central Committee is flat, stale and absurdly insincere. The sending of this notice to you was a mere matter of routine business, as you did not have the decency or manhood to resign from the committee, of which I have the honor to be the duly elected and acting chairman, and I therefore look upon your communication as a silly display of the rancorous mouthings of a disappointed office seeker.

Now, Mr. Dennis, as to your claim to be chairman of the Democratic State Central Committee, let us review the history of the party and your relations to it, in this State, for the past two years; let us fairly and impartially examine the facts and see by what right or authority you thus masquerade before the Democrats of Nevada.

In 1892 a Democratic State Convention was held at Winnemucca, and no other Democratic Convention has been held since in this State. At that Convention a State Central Committee was appointed to hold office for two years, or until another Democratic State Convention should be held.

Immediately after adjournment of the Convention, the members of the committee appointed as aforesaid, met at Winnemucca and perfected its organization by the election of a chairman and Secretary, and at said meeting I had the honor to be elected Chairman of the Democratic State Central Committee of Nevada. These facts should be fresh in your mind as you were a member of that Committee. Thereafter, on September 14, 1892, pursuant to a call signed by me as Chairman, another meeting of said Committee was held at Carson City. You and your co-conspirators (who now claim to constitute the Democratic State Central Committee of Nevada) attended that meeting as members thereof, and as such members answered the roll call, participated in the business coming before the committee, and urged the carrying out of a policy entirely foreign to that adopted at the Winnemucca Convention. The adoption of the question urged by you was then and there submitted to the committee for its decision and the roll-call thereon ordered; but yourself and eight other members, anticipating the result, bolted and withdrew from the meeting before a vote could be taken thereon. Your action and that of your confederates, in thus withdrawing before action had been taken on the question, shows clearly and conclusively that you and they did so, pursuant to a pre-arranged plan for the purpose and with the intention of ignoring and defeating the action of the Winnemucca Democratic State Convention. Can it be possible, I ask, that you were or could be so weakly foolish as to think for a moment, that the course which you, and those weak enough to follow your traitorous lead, would influence the action of the Committee? To their honor and credit be it said, the remaining thirty-three members voted unanimously to abide by the action and policy adopted at the Winnemucca Convention.

Notwithstanding this action of the committee, you and your fellow bolters have ever since taken pains to denounce the committee, unnamed of the fact that you and those abetting with you had violated the platform, and thereby proved yourselves recreant and utterly unworthy of the honor and trust reposed in you by the Convention, which had theretofore appointed you members of the Democratic State Central Committee. You and your confederates, immediately after bolting and withdrawing from the committee meeting, on said 14th day of September, and without any authority, either of law, or from any Democratic convention, or from the Democratic party, then and there pretended to hold a meeting of the Democratic State Central Committee, by causing yourself to be chosen chairman thereof, and have ever since posed as, and pretended to be chairman of the Democratic State Central Committee. Thereafter you caused to be filed with the Republican Secretary of State at Carson City, (who cheerfully aided you, for the reason that your course and action was of advantage to the Republican party) a sworn certificate under the Australian ballot law, in which you falsely set forth and stated that you were the chairman of the Democratic State Central Committee, and further falsely stated and set forth therein that the Democratic State Central Committee had nominated and appointed certain candidates for office on the Democratic ticket, when you well know that no

such action had been taken by the Democratic State Central Committee, and that your statement contained in said certificate was absolutely false and untrue.

I have thus detailed all the facts upon which your right to sign yourself Chairman of the Democratic State Central Committee are based, and I assert that in signing your name as Chairman of the Committee, you are knowingly flaunting a base and willful falsehood before the people of this State.

In view of these facts I can readily understand why you assert, as your doctrinal belief, that "hell is too cold and eternity too short." Such tenets are invariably held by perjurers and wrongdoers.

Your pretended surprise that no notice has ever been taken by me of a communication from you, in reference to pledges from the Silver party Presidential Electors, is of the same false and fraudulent type as are all your acts relating to the Democratic party during the last two years, because you knew when you wrote said communication, that prior thereto, at a meeting of the State Central Committee of the Silver party, held in Reno, all its candidates for Presidential Electors appeared before the meeting and solemnly pledged themselves not to cast the electoral vote of this State for Mr. Harrison. This was all that Democrats demanded, therefore your communication on this subject was treated with the contempt which it deserved, as it simply referred to an accomplished and settled fact, which you, by your conduct had hitherto studiously labored to defeat.

For the last two years you and your fraudulent committee have posed before the people as the only true and loyal Democrats in this State, and have caused to be filed with the President, and in the various departments at Washington, your and their application for every Federal position in this State, thus clearly explaining the sole and only reason which has actuated yourself and confederates in the course you pursued during the last two years but the trick was too transparent; the President and Democrats in Washington declined to be misled by your duplicity and double dealing. In a word—you got left—you were forcibly reminded that your name was "Dennis."

I have now fairly, candidly and as briefly as possible stated all the facts pertaining to your pretended claim to be called Chairman of the Democratic State Central Committee of Nevada, and I am willing to submit to the judgment of all fair-minded, unprejudiced men, the worth of value of the foundation upon which you base such pretended claim.

Your published letter is replete with foul and vindictive abuse, accusations having no other foundation than your own disordered and distorted imagination, which even the science of Dr. Keely could not overcome or cure.

Now, sir, in conclusion, I ask, how were you engaged in serving the Democratic party at the last Presidential election and what were your motives? Was your voice heard on the stump proclaiming Democratic principles, or were you occupied in promulgating Democratic ideas in the press of the State? Your published letter would indicate that you were a "staid" of this order, but to the contrary, the truth is that during the campaign, immediately preceding that election, you were engaged in editing the most radical Republican newspaper in the State, whose columns were replete with vituperation and abuse of the Democratic party, applying the most opprobrious epithets, and holding up to ridicule the Democratic candidate for President, at whose feet immediately after the election you prostrated yourself as a deserving mendicant for office. Hypocrite! false to the very principles which you arraign others for deserting, not possessed even the manhood to uphold or vindicate the principles which you profess, there is no moral degradation deeper or lower than that to which you have sunk, in your insatiable greed for Federal office.

Is it not a fact that for many years previous to and including the Presidential campaign of 1892, with the exception of the time you held Federal office under President Cleveland, and two or three months in which you were employed on the *Virginia Chronicle*, your sole and only occupation has been editing Republican papers? If you are sincere in your professions of fealty to Democracy, why not give evidence of this fact by acts as well as by words? Let the people see by your deeds that you have reformed politically, as you claim to have done morally.

Yours respectfully,
H. HARRIS.

A CHILD'S IDEA.

He stood beside my knee the while I turned
The pictured pages of the holy book.
I stood in the wisdom of his three brief years—
True wisdom—that which ever seeks to know
And now his eyes are wide with wonder:
A ladder set from earth to heaven! What
force?
The small brow knit, then came conclusion:
"I see, no angel carry up the gold
For God to make the harp of," smiling,
Dismissed the childish fancy with a kiss.
But pondering, as I ponder ever now,
On all his words, there grows the meaning—
In darkness grows the star. The harp—
dead,
In heaven are fashioned, but the wither'd
leaf is dead.
Cleansed—temper'd—it may be with bitter-
tears.
Laid at the ladder's foot, our part is done.
To hail the harp is ready, be attuned,
For symphonies divine—oh, wise, sweet soul!
—Emily Jewett Royal in Washington Post.

DISCOMFORTS OF ACTING.

Lack of Accommodations In the Green-
room and Behind the Scenes.
The janitor has an important bearing on
the actor's condition, which finds its
expression in his playing and possibly
on his nervous organization. He sup-
plies the house and in most cases fur-
nishes quarters for the actors such as no
self-respecting slave owner would in
the old days have condemned a slave to
occupy.

For the public nothing is too good.
For the actor, on the other hand, any-
thing is good enough. Instead of silken
dupurries, he finds only a tattered cur-
tain at the window, if indeed he find
a curtain at all, or even a window,
which is might cover. Instead of soft,
comfortable chairs, one wooden chair
some too clean, or a chair minus a back,
will be the only seat, and not infre-
quently, if he wishes to sit down, he
must do so on his trunk. Instead of
delicately tinted walls, he will find dirty
walls which have not been treated even
to a coat of whitewash for years. While
in the auditorium a soft carpet covers
the floor, in the actor's room a carpet
of boards, or if by chance there be
something which once was a carpet, it
is so dirty that it would be better away.

They, adding appliances of the actor's
room, if they are found at all, usually
consist of a small basin with a tap of
tanning water. Most people would ex-
pect that, as the winter is the theatrical
season and the paints used by the ac-
tors are made with grease, hot water
could be at hand. In the house, how-
ever, the water is in many instances run-
ning water in the dressing rooms is un-
known. It is not uncommon for actors to refrain
from using the basins, preferring to re-
move the "makeup" as well as possible
with vasoline and to wait until the
hotel is reached to complete this portion
of the toilet. Tin basins and buckets are
not the worst that I have seen "on the
road," for once the water was in dirty,
barren, old hard tins, and basins had
to be brought by our manager.—Forum.

Pigg's Pig.

The following is a true copy of an in-
dictment found a few years since by the
grand jury of Lawrence county, Ky.:
"Lawrence criminal court. Common-
wealth of Kentucky against —, de-
fendant. Indictment. The grand jury
of Lawrence county, in the name and
by the authority of the commonwealth
of Kentucky, accuse — of the offense
of malicious mischief, committed as fol-
lows: The said —, on the — day of
—, A. D. 18—, in the county and cir-
cuit aforesaid, did unlawfully, willfully
and maliciously kill and destroy one pig,
the personal property of George Pigg,
without the consent of said Pigg, the said
pig being of value to the aforesaid
George Pigg. The pig thus killed
weighed about 25 pounds and was a
mated to some other pigs that were owned
by said George Pigg, which left George
Pigg a pig less than he (said George
Pigg) had of pigs, and thus ruthlessly
tore said pig from the society of George
Pigg's other pigs against the peace and
dignity of the commonwealth of Ken-
tucky."—Green Bug.

"Ah, yes," said the clergyman, with
a sigh. "We don't seem to exert much
